| ○ English | Proficient |
| ○ Afaan Oromo | Proficient |

INTERESTS

- Open Source Development
- Software Architecture
- Problem Solving
- Football / Chess

PROFILE

I am a 3rd Year Software Engineering student at Adama Science and Technology University (ASTU), Ethiopia, passionate about building practical software that solves real problems. I have strong experience in full-stack web development using React, Node.js, and MySQL, as well as desktop application development using Java and JDBC. I am a disciplined learner with a drive to write clean, maintainable code, and I actively seek internship and junior developer opportunities to grow into a professional software engineer.

EDUCATION

B.Sc. Software Engineering

2023 – Present (Expected 2027)

Adama Science and Technology University (ASTU), Adama, Ethiopia

Ethiopian University Entrance Certificate

2022

Ethiopia

PROJECTS & WORK

ACE Meklit — Business Website

2024

Freelance Project · HTML5, CSS3, JavaScript

- Designed and built a fully responsive multi-section business website from scratch
- Implemented mobile-first layout with CSS Grid, Flexbox, and smooth scroll navigation
- Deployed and maintained the site on Netlify with optimized load performance

Java Multi-Client Group Chat Application

2024

Academic + Personal Project · Java, TCP Sockets, Multithreading

- Built a real-time group chat system supporting multiple concurrent clients via TCP socket server
- Implemented multi-threaded connection handling, message broadcasting, and Java Swing desktop UI

Student Registration System

2024

Academic Project · Java, JDBC, MySQL, Java Swing

- Developed a full CRUD Java desktop application connected to MySQL via JDBC
- Designed relational database schema with input validation and structured record management

Personal Portfolio Website (v2)

2025

Personal Project · React, CSS Modules, Vite

- Engineered production-quality SPA with dark/light theme, command palette, and scroll animations
- Implemented component architecture with custom hooks, centralized data management, and responsive design

TECHNICAL SUMMARY

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Responsive Web Design, DOM API | **Backend:** Node.js, Java Servlets/JSP, REST API Concepts, Apache Tomcat | **Database:** MySQL, SQL, Database Schema Design, JDBC, MySQL Workbench | **Java:** Java Core/OOP, JDBC, Java Swing, JavaFX, Maven | **Tools:** Git, GitHub, VS Code, IntelliJ IDEA, Vite, WAMP
